

# Famoco OS FX205SE,1 v1.4.0 public Release Note

This is a maintenance release containing updates and fixes

Release build date : Sep 16, 2022

Release name : FX205SE,1\_v1.4.0

Topic	Subject	Details
Feature	Auto SIM lock	This feature allows to automatically unlock the Famoco device with a specific SIM card using a calculated PIN code.
Feature	EMVCo polling dynamic activation	So far, the polling type can be changed by using a specific config file. And so, it is not done dynamically, and it needs the restart of the NFC stack. This feature makes it dynamic
Component update	Famoco Layer	Upgrade to FL 3.9.1 with rare sync stability issue fixes
Component update	Webview	Webview APK upgrade to version 83.0.4103.120 APK signature has also been fixed
